#### All Were Saved.

"For years I suffered such untold misery from Bronchitis," writes J. H. Johnston, of Broughton, Ca., "that often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for Consumption. My wife suffered intensely from Asthma, till it cured her, and all our experience goes to show it is the best Croup medicine in the world." A trial will convince you it's unrivaled for Throat and Lung diseases. Guaranteed bottles 50c and \$1. Trial bottle free at Clay City Lbr. & Stave Co.

#### Trouble in Owsley.

In a free for all fight at a dance at Traveler's Rest, Owsley county, Jesse Neeley was shot dead; Robert Allen was shot six times in the breast; James Neeley, a brother of Jesse, had an arm shot off and six others were wounded.

#### Look Pleasant Please.

Photographer C. C. Harlan, of Eaton, O., can do so now, though for years he couldn't because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivaled for diseases of the Stomach, Liver and Kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by Clay City Lbr. & Stave Co.

#### Cost of a State Primary.

It has been estimated that a State primary will cost \$20,000. This sum should not deter nor check the spirit of the supporters of the primary. This amount can be raised by subscription if necessary. Give the people a voice by the primary; they can't get it otherwise.

#### Republican Convention.

John G. White was nominated for Congress by the Republicans at their Winchester convention last Thursday over the other candidates seeking the honors. Mr. White didn't care for, nor want the nomination but his party put him on anyway. Mr. White is a very wealthy and influential man, and as good a man for the place as can be found, perhaps, in the Republican ranks, but that man Hopkins will show him something about elections that he has not been used to in the 11th.

#### Wilbur Smith's College, Lexington.

Write to Prof. W. R. Smith, for 25 years President of the Commercial College of Kentucky University, for particulars of unequalled inducements for young men to pursue its Business, Shorthand, Type-writing, Telegraphic Courses. This College is responsible and is influential in securing situations for its students. See advertisement. Address only W. R. Smith, Lexington, Ky.

A freight train at Mt. Sterling ran into a bunch of cattle and killed eighteen or twenty of them.

#### The Way We Do

Dr. Landman, an optician, was in town one day last week trying to arrange a date to be at Clay City to supply our people with optical goods. He first saw us and tried to arrange for some advertising. We refused to advertise for him, telling him that our town had a qualified optician, and that he continually patronized our advertising columns, and that we did not think it right to encourage a traveling man in coming here for a day or so. If Clay City had had no optician, of course it would have been different. On former occasions, we have refused to advertise dates for millinery concerns who wished to come here for a few days, because we have concerns in town, located permanently, who are amply able to supply our people with what they need, and as these firms also patronize our advertising columns, we think it but justice to them and our town to not encourage their coming among us and take back money that justly belongs to local concerns. The people of Clay City will always find the TIMES standing by them so long as they stand by us as they have so nobly done for the past few years.

#### Wonderful Phenomena.

A special item in the Courier-Journal says: Out on Dix river, east of town, and high up among the cliffs, there is one of the most peculiar phenomena ever heard of, and no explanation can be given as to its cause. About 200 feet above the level of the river there is one place in the huge cliffs where the jagged edges give away to a square arena of nearly 20 feet, which is as smooth as marble, and which is absolutely inaccessible, though in plain view from the road which skirts the river on the opposite side. It is on this natural board of stone that the phenomenon appears in the form of a man and woman, outlined as plain as though some noted artist had thrown his whole soul into the painting. The figures are life-size and the man is strikingly handsome, while the woman, who stands close by his side, is a perfect beauty. The most peculiar thing about it is that it is not discernable at all times—sometimes several days elapsing ere it can be seen at all. This place has been called 'Lovers' Leap' for years gone by. There is no possible way of reaching it, and while it has long been the center of attraction to those who visit this section, no one has ever been able to scale the walls and ascertain the cause of the freak."

#### War Claim Allowed.

Governor Beckham has received a communication from the War Department stating that the money due the State for services during the Spanish-American war has been forwarded and will arrive in a few days. The communication gave the amount allowed on the claim as \$68,960, which is considerable more than the State officials had looked for. They had not expected more than \$30,000.

#### Sold Out His Store.

Grant Elkin, who has been engaged in the goods business at Viena for the past few years, has sold his stock of goods to Bud Berryman. Mr. Elkin will locate on the L. & A. road at some point between Irvine and Beattyville. Mr. Berryman formerly sold goods at Viena and was a very popular merchant.

#### Sued On a Note.

Walter R. Day and Floyd Day have been sued on a note for \$1,010 given to the Republican campaign fund and to fight the contest suits, when the former was trying to hold down the office of State Treasurer. The Days claim that the note was given on conditions that the Republican finance committee managing the funds was successful. Geo. W. Long, chairman of this committee, has brought the suit. He and Senator W. J. Deboe swear just the opposite of the Day's testimony.

#### Shatters All Records.

Twice in hospital, F. A. Gullledge, Verbena, Ala., paid a vast sum to doctors to cure a severe case of piles, causing 24 tumors. When all failed. Bucklen's Arnica Salve soon cured him. Subdues Inflammation, conquers Aches, kills Pains. Best salve in the world. 25c at Clay City Lbr. & Stave Co.

#### Convicts Make Dash For Liberty.

Wallace Bishop and Thomas Mullan, of Covington, and Lafayette Brooks, of Morgan county convicts in the State penitentiary at Frankfort, and all murderers, made a desperate dash for liberty yesterday morning. They were assisted in their efforts by Albert Ransome, a Louisville negro murderer. Bishop was shot by one of the guards and died from the wounds; the other leaders were wounded. They were subdued and returned to their cells, after a stubborn resistance of four hours.

#### New Insurance Company.

The insurance companies now doing business in Lexington have advanced the rate from 10 to 50 per cent. on business houses and 50 to 400 per cent. on residences. This rate will not be accepted by the Lexington people. A new insurance company is to be formed at Lexington with \$150,000 capital to fight the old companies.

#### Seriously Hurt.

Miss Josephine Hopkins, daughter of the Hon. Frank Hopkins, our Democratic nominee for Congress was thrown from a buggy and seriously injured. She was driving near her home at Prestonsburg when the accident occurred.

#### Oil Men to Meet.

A call has been issued for a meeting at Lexington September 12 of all persons interested in crude oils in Kentucky. The object of the meeting is to form an organization for the purpose of assuring co-operation and concert of action.

#### A Picnic For the Poor.

The poor of the City of Louisville will be remembered on the 26 of this month by the Louisville Times. This good paper will give a picnic for all of the poor of that city. A fine excursion steamer has been chartered for the occasion.

The Blue and the Grey will hold a reunion at Williamstown September 1 and 2. Arrangements have been made to feed 5,000 old soldiers and their families.

At a protracted meeting held at Corinth Baptist church Clark county, by Dr. B. B. Bailey, of Winchester, sixteen additions were obtained, and at the baptizing four more were received, making a total of twenty.

#### Just Look At Her.

Whence came that sprightly step, faultless skin, rich, rosy complexion, smiling face. She looks good, feels good. Here's her secret. She uses Dr. King's New Life Pills. Result,—all organs active, digestion good, no headaches, no chance for blues. Try them yourself. Only 25c at Clay City Lbr. & Stave Co.

## The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

## SPOUTSPRING.

Jas. F. McKinney shipped a car load of stock to Cincinnati last week.

Elder N. McIntosh went up to Dundee Saturday to fill his regular appointment at that place.

Several from this place attended the Saint's camp meeting at Spruce, Montgomery county Sunday.

Mrs. Elizabeth Eldridge, of Valley View, Texas, is visiting relatives in this end of the county.

Misses Dollie Christopher and Nora Todd visited relatives at Winchester the latter part of last week.

Mr. and Mrs. L. B. Burgher, of Clark county, visited their parents near here the latter part of last week.

Jeff Wright who put up a new two-room house on his farm near this place last Spring, is now having a chimney added to same.

Mrs. J. P. Wright is visiting her son, Bud Gentry, at Louisville, and will go from there to Ohio to visit her daughter, Mrs. Lilla Sturdevant.

Mr. and Mrs. J. P. Wright were called to the bed-side of their brother-in-law, Mr. Samuel Barnes at Richmond last week. Mr. Barnes is very sick and is hardly expected to recover.

James A. Fox, a former resident of this place has sold his farm in Clark county where he now lives, to his son-in-law S. S. Witt for \$5,000. This farm is in a high state of improvement and is well located, and may be considered a bargain at the money. Mr. Fox will likely move to Winchester to reside.

### BIRTHS.

A new salesman has arrived to assist "Papa" Dawson in his store at this place. He was given an introduction to the counter scales early Monday morning and pulled down the beam at the ten pound notch, which shows he is a stout and trifty youngster, and will take to his business readily. Jas. Harlan is undoubtedly the happiest man in town by great odds.

Mr. and Mrs. George Gravett, of Clark county, but formerly of this place, are the proud parents of a

little fine girl which came in Sunday, August 10 to help brighten their already happy home.

### Cry Of The Weary One.

I am sick, soul sick of the city.  
I am tired of the noisy street  
The din of the clanging car bells,  
The endless tramp, tramping of feet.

I am tired of the strain and worry.  
The push and the struggle and strife;  
The scramble for loaves and fishes,  
While starving for true bread of life.

I long for the fresh, quiet country,  
The green fields, so peaceful and still  
The cool mountain brook swiftly flowing  
Adown the old-moss-grown mill.

I long for the hush of the forest,  
The sigh of the wind through the pine,  
The scent of the sweet fern and hemlock,  
The song of the woodthrush divine.

Oh to lie on the soft, green mosses  
And gaze where the sun filters through  
The leaves, which like laces are tangled  
In emerald web 'gainst the blue.

Oh, to rest, just to rest on the bosom  
Of the life-giving earth, mother earth;  
Till the turmoil within me is quiet  
And my soul finds relief in new birth.

### Too Hearty a Hand-Shake.

A suit has just been filed in the Henry Circuit Court that is founded upon a most remarkable "cause of action." The plaintiff is Mrs. Frank Batts, a young woman, and the defendant is J. J. Harford, a man of 65 years. The former asks \$2,000 in damages for injury sustained by shaking hands with Mr. Harford. Physical injury only is the ground of complaint, and it is alleged to have resulted from Mr. Harford's grip, which is proverbially powerful.

### Kills Cattle.

Of late years farmers have been growing sugar cane for feed quite extensively. But few of these farmers, perhaps, know that this feed is very dangerous to give to cattle, if fed to them before it gets ripe and is cured out well. We noticed in a recent issue of Home & Farm where numbers of cattle had been fed this feed and died at once. In case they become so affected, the best remedy is to drench them with apple vinegar.

### A Boy's Worst Friend.

A boy's worst friend is his mother when she indulges him in idleness and is blind to his secret vices, which is the result of thousands of our boys and girls filling consumptive graves today. The best friend a boy can have is a dad who buys him plenty of school books, teaches him at night, and occasionally escorts him out to the wood-shed, and, with a strap, convinces him of the error of his ways and indelible impresses upon his anatomy that the way of the transgressor is hard.

J. W. Henry respectfully announces to the public that he is able to be at his gallery in Clay City and will be glad to see any one wanting photographs. I have not been at the gallery regular for three months, but the warm weather has drawn the rheumatism away for a time. Come and have your pictures made. I will do you good, honest work, and my prices are as low as can be, quality of work considered.

Special attention will be given to all pictures left in my care to be copied and enlarged. Come at once.

J. W. HENRY.

Wm. Jennings Bryan must be conceded one of the greatest statesmen of today. His solution of the trust question is the most sensible of any we have read of. He says: "Take all trust made goods off the protected list. Grant no bounties. Administer the law impartially and make the great money maker pay his proportionate share of the government's expenses. Give the poor man a

chance." That gospel of Democracy is good enough for us, and should be good enough for any one.

### Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. Then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,

### Clay City Wins Another Game.

The Krippendorf's of Cincinnati came up Sunday and crossed bats with the local team on the home grounds. Like their brothers the A. A. Club from the Queen City which played them a few weeks ago, they went home less hopeful than they came. They were beaten by a score of 13 to 6. Our team will go to Clintonville Saturday to defeat that club; this time on their home ground. Clay City has a cracker-Jack of a ball team from away back.

### How About This?

Mr. Watson, manager of the Beattyville Telephone Company, was here this week to look over the property, make repairs and order new instruments put in. The company intends to establish exchanges at Clay City and Irvine and will give them long distance connection. We can assure the people of our neighboring towns that they will have a thoroughly modern establishment, each instrument connected by individual lines, with a full metallic circuit. We have tried cheap plants here, but have never gotten satisfactory results until the present company installed its plant. The long distance line through Torrent to the home office at Mt. Sterling and the outside world will be built in September.—Beattyville News.

### A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two day's time the child had fully recovered, and is now (nearly a year since) a vigorous healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by all dealers in patent medicine.

### A YOUNG LADY'S LIFE SAVED.

At Panama, Columbia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.  
Dr. Chas. H. Utter, a prominent physician, of Panama, Colombia, in a recent letter states: "Last March I had as patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well."—For sale by all dealers in patent medicine.

It is a very difficult matter for a man to love his neighbor as himself, if he has a garden and his neighbor has a drove of chickens.

A. J. Cottingham went to Washington County, Ark., to see his sister and while there was taken with flux (dysentery) and was very bad off. He decided to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and was so much pleased with the prompt cure which it effected, that he wrote the manufacturers a letter in praise of their medicine. Mr. Cottingham resides at Lockland, Ark. This remedy is for sale by all dealers in patent medicine.

### College Training.

Some people in these latter days are falling over on their heads about education, and being abreast of the times. We believe in education but the subject should receive a great deal of consideration before the final step is taken. Every individual should have a good common school education, but when it comes to giving every boy and girl a collegiate education, that is a big piece of foolishness. Business success depends upon the man, whether he comes out of a college or stops at the blue-back spelling book at the country school. A college training merely builds a foundation upon which can be constructed the education of life. What is acquired by a course at college is merely the rudiments shaping the mind into a compact and concentrated machine. There can be no question but what colleges turn out thousands of fools; fools when they started in, and will be fools when the clouds roll upon the box in the ground. College education can not create characteristics nor shape genius; this must be in the man, and being in the man success in life will come, regardless of his classics or academics. Force of character will surmount all obstacles in the path; force of will must bend all in the way, and the inspiration given to the mind by God will create and originate. But for a man possessing this God given quality, a college education, and training will enable his achievements to be greater and his power a quicker master of opportunities.

Owen county, which can always be depended upon to furnish a good Democratic majority, has shown good judgment again and went for local option last week by a majority of 1,146.

### Oklahoma Notes.

Wheatland, Okla. Aug. 11, '02.  
J. E. Burher, Jr.

SIR:—Was very much pleased to see my last notes in print, so I will write again.

Land sales are high, and but few are being made at stiff prices.

A great many people who came here at the opening are now independent.

The people of Wheatland are building a Methodist church and the town is growing rapidly.

Oklahoma City was 13 years old last April, and is now one of the most thriving towns in the territory.

Mr. Green Hughes left last week for his claim in the new country where he will establish his home.

Wheat threshing is about over in this part of the territory. It averaged well and is selling on the local market at 48 cents, and oats are bringing 25 cents.

Plenty of rain in this section, and it is very cool and pleasant, but we have previously had some very hot weather. The thermometer ranged as high as 98 degrees.

The new church we spoke of in our last, was dedicated July 27. It was largely attended. The secretary of the territory was present and made up \$206 for the church. We are glad to say the church is out of debt.

Those who have tried it in this part of the territory have had good success in growing sugar beet this season. They grow very fine and there is talk of putting up a sugar factory at Oklahoma City which will be of great benefit to the farmers.

Yours,  
"Oklahoma Boomer."

I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock.  
J. B. BELSHER, St. Louis, Mo.  
Sick stock or poultry should not eat cheap stock food any more than sick persons should expect to be cured by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver and the animal will be cured, if it be possible to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better. Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.
